

Seeds

THE AGE OF STUPID (DVD)

Title

Made in: United Kingdom. Year: 2009
Length: 92 '
Genre: documentary, mixed.
Director: Franny Armstrong
English language

Description

The film is a hybrid that includes fiction, documentary and animation. The main performer is Pete Postlethwaite. He is a man living alone in a devastated land in 2055, looking at photographs from 2008 and wondering "Why did not we stop global warming when we had the chance?"

The film is also promoted by Greenpeace and WWF.

Materials and Time needed

At least 120 minutes, if the vision is followed by a small analysis.

Instructions

The movie may be related to a questionnaire (attached in Section "Updating and In-depth Study"), that stimulates a debate on the proposed themes.
